

App. No. 10/065,749

EX PARTE INTERVIEW

As discussed with the Examiner, Applicant requests an interview with the Examiner to discuss any potential questions or issues that the Examiner may have prior to the next Office Action.

RCE filing

This Response is being filed with a Request for Continued Examination. The proper fee and form is attached.

REMARKS - General

The Claims have been modified to address the Examiner's Section 101 and Section 112 rejections as well as Examiner's 102 rejections as components of Claims 10 and Claim 11 have been added to the main independent claim.

The new base independent claim has the following "where Account and Users manager, a Project manager are core components that are required by other components to access the resources required". This component of the invention is unique to the Application/s invention and is not in Hughes (USPUB 2003/0192029) or in Harmon (USPUB 2003/0041313) and the Applicant respectfully argues makes the new Claims novel and not obvious to someone skilled in the art and therefore allowable.

Conclusion

For all of the above reasons, applicant submits that the specification and claims are now in proper form, and that the claims all define patentably over prior art. Therefore the applicant submits that this application is now in condition for allowance, which action is respectfully solicited.

Respectfully submitted,
